Dirk Rascal's

Magical Journey

CH1 Captured!

Once upon a time, in a beautiful village named the Joyful Village, there lived a happy family. One day, the Draconis family were playing poker in the yard. Suddenly, colorful clouds filled the sky!

"Wow!" Dirk shouted, extremely amazed. "Magical clouds!"

"No! No! They're Pixies! The - The Lizard Man's Pixies!" cried Mum. "Run for your lives!" But the flying creatures were too powerful. They quickly captured Dirk's parents and flew, out of sight.

"Mum! Dad!" Dirk shouted, but it was too late. Dirk decided to save them. He grabbed a bamboo stick and set off.

CH2 Popcat

"Oooh, a kid!"
"Huh?" Dirk skidded to a halt. "Who is it? You want to fight? Let's begin!"

"No, boy." Laughed the voice, with a French accent. "Could you get me out of this place?"

"Your name, first," rumbled Dirk.

"Okay, okay, easy boy." It said. "I'm Popcat. I can tell that you're very brave and you want to go see Lizard Man. Can I go with you?"

"Can we go with you?" Yelled the others. "We were thrown here by Lizard Man. He cast a spell - only the bravest boy could get us out. He has golden hair and a skeleton eye - patch. You are Dirk Rascal Draconis, aren't you?"

"Yes." Dirk shivered. "I can get you out." He jumped onto a huge rock with his lithe body.

"You shall know the power of your voices." Dirk bellowed. "Begin to sing! Your mighty voice shall break the paper - like trap that blinds your brain and heart!"

Suddenly, they heard another sound. A streak flashed through the sky and cut through the mountains. And then...

"Kaboom!" It pierced right into the dark valley. The sturdy fence that had sealed the singing animals for centuries exploded. They were freed!

"Hooray for Dirk!" The excited singers shouted. "Let's go defeat Lizard Man!"

"I need a weapon first." Dirk said.

"Here. The mighty swords of the unbeatable are yours." Popcat offered. "Let's go!"

CH3 Captured again!

Soon, the friends arrived at the side of an enormous mountain. It almost reached the highest clouds. "How will we cross this mountain?" Popcat wondered. Suddenly, loud music came from all directions.

"Maybe they're other friends again!" Dirk shouted. "Hey! Is there anyone here? Are you friendly?"

But he made a big mistake. The pixies were singing. Suddenly, colorful clouds filled the sky again and started lowering... The pixies were like bees. They grabbed Dirk, Popcat, and the others, just as they had captured Dirk's parents in Joyful Village.

"W - What should we do now?" Asked Popcat.

"This is just our plan," Dirk whispered. "They'll take us to the place we want to go."

CH4 The Castle

The friends arrived at Lizard Man's castle later that evening. The castle was densely covered with spider webs and thick vines. But unusually, it smelled like fresh strawberries, Dirk's favorite.

Suddenly, a golden shape flashed through the dark room. Candles all over the room lit up immediately, and a green figure appeared.

CH5 The final duel

There came Lizard Man, wearing a pair of golden armor and giggling cruelly. "Hello, you foolish children. Want to be changed into a pig? Like your parents, Dirk?"

"What?!" Dirk growled. "You changed my parents into pigs?"

Lizard Man pointed a finger toward the friends. "Zap!" He changed Popcat into a pig.

All of a sudden, Dirk realized something. Popcat was not a cat, and the singing animals were not just talking animals. The pixies were not the Lizard Man's servants, and Lizard Man wasn't a powerful lizard with frightening powers. They were all ordinary humans, transformed by Lizard Man's magical finger into mythical creatures.

All Dirk needed to do was slay that finger. "Stop thinking of these useless things. All I need to do is destroy this finger," he murmured.

The Lizard Man pointed his finger at Dirk. "ZZ…" Dirk pulled out his swords and rushed at full speed towards the Lizard Man.

"ZAAAP!!" He wasn't turned into anything. He was just Dirk Rascal, but stronger. "Zap!" His swords turned to dust. "Zap!" His clothes turned into heavy armor. He felt weak. "Zap!" He felt weaker and weaker. He thought of the relaxing, happy times he had.

Suddenly, "Oink!" "Gah!" Dirk's thoughts snapped back to reality.

CH6 Reunited!

Everybody was around him. There were too many strangers. "Huh?" Dirk was puzzled. "What the? Who are you?"

"I'm Neil Katz," laughed a handsome guy, with a French accent. "Or maybe, Popcat." Neil was holding a green finger. "I bit it off that lizard's hand."

"Oooh! Popcat! It was you!" Dirk said, filled with happiness.

"Wow! He has made some new friends." Said a familiar voice.

"Mum! Dad!" Dirk cried, hugging them both.

"Looks like we need to go," joked Neil, or Popcat.

"No! Let us be together. The castle is ours now!" Dirk explained, delightfully.

The End
